## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Vesper Society  
San Francisco, California

We have audited the accompanying financial statements of Vesper Society (a nonprofit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Vesper Society's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Vesper Society as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

1. Nature of Organization

Vesper Society is a California not-for-profit corporation located in San Francisco, California. The mission of Vesper Society is to promote social justice locally and globally by addressing critical social issues including the provision of health services for the underserved. The purposes of Vesper Society are:

- 1) To provide care, treatment, diagnosis, hospitalization and other health services to injured, afflicted, sick, infirm and aged persons.
- 2) To promote social justice by assisting individuals and organizations to address social and ethical issues from a faith-based moral and ethical perspective and by encouraging the laity to work from such a perspective, particularly for the benefit of the underserved.

Vesper Society invests funds received from the sale of two hospitals. Substantial revenue is generated from these investments, which subjects Vesper Society's income to market forces. The Attorney General of the State of California has required Vesper Society to spend at least 60% of its annual program expenditures, excluding expenses generated by grants, gifts and other donations received after January 1, 2003, for the provision of care, treatment, diagnosis, hospitalization and other health services to injured, afflicted, sick, infirm and aged persons. Compliance with this requirement is determined on the basis of a three-year rolling average. Management believes that Vesper Society is in compliance with this requirement.

Program activities of Vesper Society include:

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of Vesper Society have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP), whereby revenue and gains, except contribution revenue, are recognized when earned and expenses and losses when incurred.

Basis of presentation

Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions on the basis of unrestricted, temporarily restricted, and permanently restricted net assets. The following describes Vesper Society's net asset classifications:

*Unrestricted net assets*

The portion of net assets that is neither temporarily nor permanently restricted by donors. A portion of the unrestricted net assets at December 31, 2015 and 2014 has been designated for future use to be determined by the Board of Directors.

*Temporarily restricted net assets*

The portion of net assets for which the organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the organization.

Cash and cash equivalents

Vesper Society considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. Cash on deposit occasionally exceeds federally insured limits. Vesper Society believes it mitigates this risk by maintaining deposits with major financial institutions.

VESPER SOCIETY  
Notes to Financial Statements  
December 31, 2015 and 2014

---

2. Summary of Significant Accounting Policies (continued)

Investments and fair value measurements

Investments in marketable debt and equity securities are reported at fair value based on their published market value. Investment income and realized and unrealized gains and losses are reported as increases or decreases in unrestricted net assets unless a donor temporarily or permanently restricts their use. Purchases and sales of securities are recorded on a trade-date basis.

Vesper Society's investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Vesper Society determines the fair values of its assets and liabilities based on a fair value hierarchy that includes three levels of inputs that may be used to measure fair value (Level 1, Level 2 and Level 3). Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that Vesper Society has the ability to access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability.

Unobservable inputs reflect Vesper Society's own assumptions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include Vesper Society's own data.

Property and equipment

Acquisitions of equipment with a cost, or fair value, of \$2,500 or more and significant leasehold improvements are capitalized. Property and equipment are stated at cost at date of acquisition or fair value at date of donation in the case of contributions. Depreciation is provided over the estimated useful lives of the assets, primarily three to seven years, using the straight-line method of depreciation. Leasehold improvements are amortized using the straight-line method over the remaining life of the lease or the estimated useful lives of the improvements, whichever is shorter.

VESPER SOCIETY  
Notes to Financial Statements  
December 31, 2015 and 2014

---

2. Summary of Significant Accounting Policies (continued)

Contributions and promises to give

Contributions received and promises to give are reported as unrestricted, temporarily restricted or permanently restricted, depending upon donor restrictions (if any).

Contributions, including unconditional promises to give, are recognized as revenues in the period the promise is received. Conditional promises to give are not recognized until they become unconditional; that is when the conditions on which they depend are substantially met. Contributions receivable that are promised in one year but are not expected to be collected until after the end of that year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of any such discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. An allowance for doubtful contributions receivable, if applicable, is provided based upon management's judgment including such factors as prior collection history, type of contribution and current aging of contributions receivable. There were no promises to give at December 31, 2015. There were no promises to give deemed to be potentially uncollectible at December 31, 2014.

Accounting for payments to partners

Vesper Society seeks project partners to collaborate with in conducting various projects that are in line with its mission and help accomplish Vesper Society's programmatic objectives. Payments to project partners are recorded as expenses when programmatic objectives have been met and/or tasks enumerated in the memorandum of understanding with the partner have been completed. Any funding provided but not expended before the end of the year is recorded as a project partner advance in the statements of financial position. Since Vesper Society receives a benefit and establishes specific deliverables from the participating partners, these activities are recorded as exchange transactions.

Income taxes

Vesper Society is exempt from Federal and State income tax under Section 501(c) (3) of the Internal Revenue Code (the "Code") and Section 23701(d) of the State Revenue and Taxation Code as a "Private Operating Foundation", whereby its net investment income is subject to excise taxes.

In accordance with the applicable provisions of the Code, Vesper Society is subject to an excise tax of 1% (2% if minimum payout requirements prescribed by the Code are not met) on its net investment income, excluding unrealized gains. In addition, the Code requires that certain minimum distributions be made in accordance with a specified formula. Vesper Society estimates and records its excise taxes to include a provision for deferred taxes on unrealized gains and losses on its investments.

VESPER SOCIETY  
Notes to Financial Statements  
December 31, 2015 and 2014

---

2. Summary of Significant Accounting Policies (continued)

Income taxes (continued)

Vesper Society has evaluated its current tax positions and has concluded that as of 2015 and 2014, it does not have any significant uncertain tax positions for which a reserve would be necessary. Vesper Society's annual informational returns are subject to examination by the IRS, generally for three years after they are filed.

Functional allocation of expenses

Common costs, primarily related to the operation and maintenance of an office facility, are pooled in a cost center and allocated in total among program and supporting activities benefited. The basis for allocation was direct salaries in both 2015 and 2014. Salaries and related expenses are allocated to program and supporting activities based on management's estimate of the level of staff effort in each activity.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Significant accounting estimates reflected in Vesper Society's financial statements include the functional allocation of expenses. Actual results could differ from those estimates.

3. Investments

The investments of Vesper Society consisted of the following, at fair value:

	<u>2015</u>	<u>2014</u>
Money market funds	\$ 47,827	\$ 15,304
Fixed income	3,237	4,551

Depreciation expense for the years ended December 31, 2015 and 2014 was \$1,911 and \$3,420, respectively.

5. Federal Excise Tax

Excise tax expense differs from amounts currently payable because certain investment income is included in the statements of activities in periods that differ from those in which it is subject to taxation. The difference between tax expense and taxes currently payable is reflected as a deferred tax liability on the statements of financial position. Deferred excise taxes at December 31, 2015 and 2014 were \$57,351 and \$106,602, respectively.
